

SCHEDA TECNICA

# KUBE

## ASPIRATORI PROFESSIONALI

The **KUBE vacuum cleaner** allows you to **combine strong suction power** with **double-stage filtration** that prevents clogging. Works with any **power tool max 1500 w**. The **suction starts** when the tool is turned on and continues for a few moments after the power tool is turned off thanks to the **integrated AUTO STOP** function to **ensure the suction of residues**.

**POTENZA**  
1,4 kW

**CAPACITÀ**  
27 Lt

### DATI TECNICI

#### MOTORE

Tipologia	by-pass
Voltaggio	230V
Massimo vuoto	2.200mBar
Massima portata d'aria	180m3/h
Motori	1
Frequenza	50Hz
Potenza	1,9HP

#### FILTRO PRIMARIO

Tipologia	cartridge
Classe EN 60335-2-69	M Class
Pulizia filtro	automatic vibration

#### MACCHINA

Dimensioni	400 x 400mm
Altezza	750mm
Peso	14Kg
