

INDUSTRIAL VACUUMS FOR DIGITAL CUTTING MACHINES

INDUSTRIAL VACUUMS FOR DIGITAL CUTTING MACHINES

**INCREASE
CUTTING QUALITY**

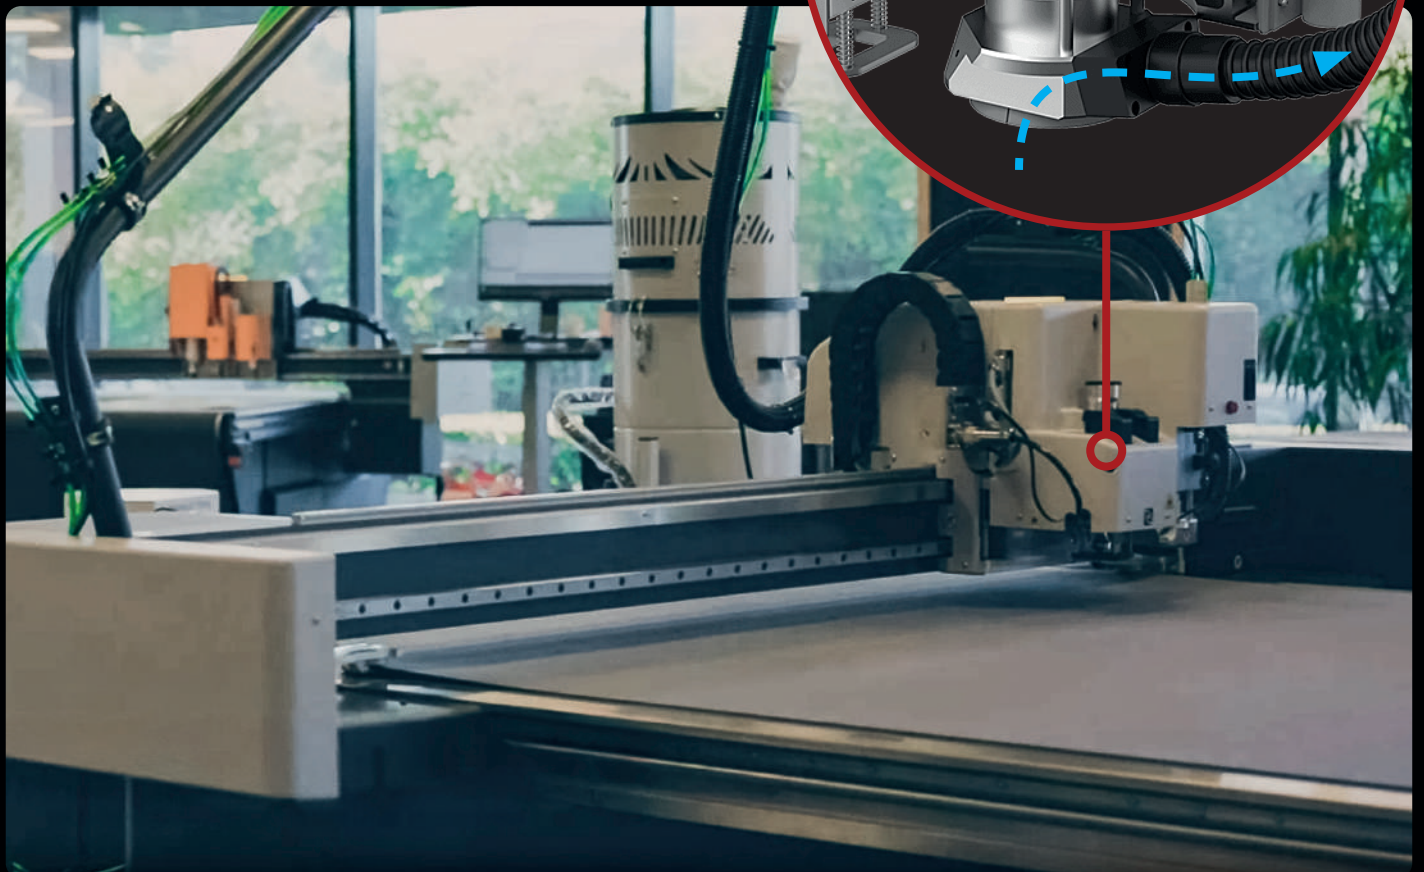

**REDUCE
MAINTENANCE NEEDED**

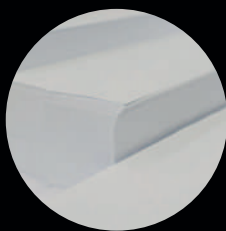

**SAFE AND HEALTHY
WORK ENVIRONMENT**

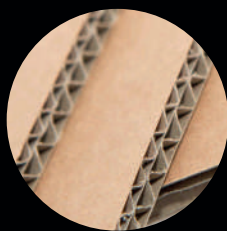

Industrial vacuum cleaners effectively remove dust, chips and debris generated during the cutting of materials such as paper, cardboard, plastics and composite materials. Installed on digital cutting machinery, they effectively capture particles of different sizes, from fine dust to coarse fragments, directly at the source of cutting. Vacuuming dust and cutting residues at the source prevents their dispersion into the work environment, improving the quality of the finished product and extending the service life of equipment.

SPECIALIZED VACUUMS TO MATCH EVERY MATERIAL

Paper

Cardboard

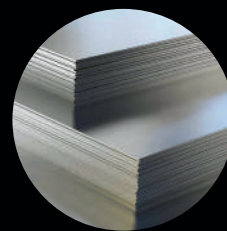

Flexible
plastics

Plexiglass

Wood

Aluminum
sheets

With a comprehensive range of more than 180 vacuums and more than 50 years of experience, Depureco developed specific solutions for dealing with all kinds of fine, toxic, conductive or explosive dust. Analyzing the specific parameters of the material being cutted, Depureco can define the safest and tailored solution for your digital cutting machine.

INDUSTRIAL VACUUMS FOR FINE AND VOLATILE DUST

- Up to 2700 m³/h airflow
- 40 - 200mm suction inlet
- Compact units starting from 41x73cm
- ATEX version available

INDUSTRIAL VACUUMS FOR COMBUSTIBLE DUST

- Safety products for combustible dust collection
- 40 - 70 mm suction inlet
- Atex certification and inertization system for collected dust available

CERTIFIED SAFETY RELIABILITY AND EFFICIENCY

Depureco mission is to provide our customers with powerful, efficient and durable cleaning systems based on three fundamental principles: quality, safety and reliability. With a wide range of products, a global service network and the expertise to provide customised solutions, we are ready to support your business in any vacuum challenge. Choose Depureco for a superior, safe and reliable industrial cleaning experience.

- Dedicated Research and Development team
- Worldwide sales network with +100 partners and 3 direct branches
- Leveraging the strength of Italy's largest air filtration network

WHY WORK WITH DEPURECO?

FLEXIBILITY

Complete in-house manufacturing with workshop and paint plant.

CUSTOMIZATION

100% tailored solutions for unique needs.

50 YEARS OF EXPERIENCE AND MAXIMUM RELIABILITY

Previous experience in each industry to draw from to produce reliable solutions.
